RE: AB 1210 (Lackey) – SUPPORT

The Del Norte County Board of Supervisors supports Assembly Bill 1210, which bolsters the coordination between the California Department of Corrections and Rehabilitation and county Probation Departments.

Although making a seemingly minor change, the shift caused by the implementation of AB 1210 would have significant positive implications for individuals released on Post Release Community Supervision and the county Probation Departments that supervise them. Recognizing that reentry is one of the most challenging points for an individual, clear expectations on timelines between the state and County Probation departments will help ensure public safety, safety for victims, and the best possible jumping-off point for offenders. This clarified coordination will be conducive to case planning and coordination at the county level and inevitably end in more positive outcomes for these offenders as they transition back to their communities, lives, families, and futures.

With these desires in mind, the Del Norte County Board of Supervisors supports AB 1210 and encourages you, Governor Newsom, to sign this bill into law.
